

Session Program

19-24 Sept 2025

ESITO 2025

Modulation and Plasticity

Villasimius, Italy, Hotel Comoran
Località Campus, Via del Porto, 37, 09049 Villasimius CA, Italy

Tuesday 23 September

09:45

Modulation and Plasticity

Session

09:45–10:15

The ecological mind — making sense of the world with a tiny brain

Speaker

Sophie Caron

10:15–10:30

Olfactory-visual integration and recurrent modulation of olfactory processing in the honeybee

Speaker

Andrea Rafaela Nicolaidou

10:30–11:00

Coffee break

11:00–11:15

Nutrient specific modulation of sensorimotor processing in *Drosophila melanogaster*

Speaker

Daniel Münch

11:15–11:30

Hunger vs. hazard: Neurophysiological mechanisms of maladaptive food intake

Speaker

Dennis Pauls

11:30–11:45

Target- and type-specific synaptic plasticity of olfactory sensory neurons

Speaker

Robert J. Kittel

11:45–12:00

Sensory cross-talk between sight and smell in higher order brain centers

Speaker

Devasena Thiagarajan

12:00
