

Correlations in Novel Quantum Materials 2022 (CNQM2022)

Tuesday, June 21, 2022

Frustration and Quantum Magnetism - 2D5 (9:00 AM - 10:15 AM)

| time | [id] title | presenter |
|---------|--|------------------|
| 9:00 AM | [46] Disorder in the Kitaev spin liquid | PERKINS, Natalia |
| 9:45 AM | [16] Quantum criticality in frustrated magnets | JANSSEN, Lukas |

Frustration and Quantum Magnetism - 2D5 (10:45 AM - 11:45 AM)

| time | [id] title | presenter |
|----------|--|--------------------|
| 10:45 AM | [64] Hund, phonons, Hubbard U: Friends or foes? | CAPONE, Massimo |
| 11:15 AM | [6] A solvable 3D Kondo lattice exhibiting odd-frequency pairing and order fractionalization | Dr TSVELIK, Alexei |
