

Correlations in Novel Quantum Materials 2022 (CNQM2022)

Thursday, 23 June 2022

(Un-)Conventional Superconductivity - 2D5 (09:00 - 10:15)

time	[id] title	presenter
09:00	[53] Order Fractionalization and Neutral Fermi Surfaces.	COLEMAN, Piers
09:45	[68] In-silico Synthesis of new high-Tc conventional Superconductors	BOERI, Lilia

(Un-)Conventional Superconductivity - 2D5 (10:45 - 11:45)

time	[id] title	presenter
10:45	[7] Chiral superconductivity with enhanced quantized Hall responses in moiré transition metal dichalcogenides	SCHERER, Michael
11:15	[29] Non-local nematicity, collective modes and non-linear dynamics in nematic unconventional superconductors	EREMIN, Ilya
