

Session Program

13-15 Oct 2025

Göttingen Cognition Forum

The Göttingen Cognition Forum: Curiosity & Interaction

From Decision-Making to Interaction

Tagungszentrum Alte Mensa Göttingen
Wilhelmsplatz 3, 37073 Göttingen

Tuesday 14 October

11:50

From Decision-Making to Interaction

Session | **Location:** Tagungszentrum Alte Mensa, Adam-von-Trott-Saal, Wilhelmsplatz 3, 37073 Göttingen | **Convener:** Vanessa Mitschke

11:50-12:10 **The co-evolution of cooperation and competition within groups**

Speaker
Carsten De Dreu

12:10-12:30 **The evolution of between-sex bonds in primates**

Speaker
Liesbeth Sterck

12:30-12:50

Vocal accommodation in the syntactic structure of marmoset phee sequences

Speaker
Dr Kaja Wierucka

12:50-13:10

Automated detection of social interactions in free-ranging redfronted lemurs using deep learning

Speaker
Richard Vogg

13:10

15:10

From Decision-Making to Interaction

Session | **Location:** Tagungszentrum Alte Mensa, Adam-von-Trott-Saal, Wilhelmsplatz 3, 37073 Göttingen | **Convener:** Irene Lacal

15:10-15:30

Neural correlates of dynamic social coordination in macaque premotor cortex

Speaker
Dr Sebastian Moeller

15:30-15:50

Moving in and out of synch - effects of physiological synchronization on cooperation success in human dyads

Speaker
Rahel Katharina Brügger

15:50-16:10

Consolation or consternation? Whether pigs react prosocially to a partner in need relates to their extent of emotional arousal

Speaker
Liza Rose Moscovice

16:10-16:30

Stable clique membership in mouse societies requires oxytocin-enabled social sensory states

16:30

Speaker

Corentin Nelias
