

DFG FOR 5522

Quantum thermalization in closed systems: from theory to experiments

PRACTICAL INFORMATION

LUNCH @ IPP KANTINE

Please, take your lunch voucher **for the corresponding day** with you.

It covers one drink, one main dish and one dessert (you can buy extra items paying with card).

Notice that the Canteen is inside a guarded area. You can access it through the shortcut, with the locals. Alternatively, you can go through the main gate of IPP, just by the metro **entrance**. You should indicate to the guards that you come from MPQ with the conference (you may need to show an ID).

MPQ COLLOQUIUM ON TUESDAY AFTERNOON

The MPQ Colloquium takes place in this room on Tuesday at 14:30. This week's speaker is:

Prof. Hannes Bernien
(Uni. Innsbruck & IQOQI, Uni. Chicago)
Quantum Processors and Quantum Networks – Atom-by-Atom

Conference participants are welcome to attend the Colloquium. **Be aware that it will be broadcast via zoom.**

Alternatively, you may use discussion spaces at h-bar and rooms B0.40 and B0.41 (inside library), or enjoy the green space around MPQ.

We will reconvene at 15:30 for the coffee break.

CONFERENCE DINNER ON WEDNESDAY

Wednesday 14.5. @ 19:00 we will have our Conference Dinner at Gasthof Neuwirt (Garching)

The restaurant is one subway stop away from Campus. It can also be reached walking (~30 minutes).

Please, if you haven't, let us know whether you are coming until Tuesday @ 11:00

CODE OF CONDUCT

We do not tolerate any form of discrimination based on ethnicity, gender, disability, religion or belief, age or sexual orientation or identity.

Our code of conduct and guidelines for good practice apply to all members of our community, visitors, and participants at all our events:

POSTER SESSION

Thursday 15.5. @ 16:00

Notice that the poster session will be in room B0.32

MAX PLANCK INSTITUTE
OF QUANTUM OPTICS
